

Task 8 Submission Checklist

Use this checklist before you upload Task 8 to the LMS.

Required Files

- ☐ Completed justification/evidence document.
- ☐ UniFi Design Center screenshots or export evidence.
- ☐ Logical topology diagram or topology section.
- ☐ Property source record for the selected realestate.com.au listing.
- ☐ Acknowledgements for any external sources, examples or assets.

Source And Privacy Check

- ☐ I recorded the listing title or short description.
- ☐ I recorded the suburb.
- ☐ I recorded the realestate.com.au URL.
- ☐ I recorded the date accessed.
- ☐ I used the floorplan only for classroom assessment evidence.
- ☐ I did not publish the listing floorplan or address outside the assessment submission.

UniFi Evidence Check

- ☐ The floorplan is imported or recreated.
- ☐ The network core location is shown.
- ☐ The internet/WAN entry point is shown or explained.
- ☐ The modem/ONT and gateway/router are shown or explained.
- ☐ The switch or PoE switch is shown.
- ☐ Wireless access points are placed.
- ☐ Coverage or heatmap evidence is included.
- ☐ Important wired devices are shown or explained.
- ☐ Guest, IoT, family, home office or camera separation is shown or explained.

Written Justification Check

- ☐ I identified the users, rooms and network needs.
- ☐ I explained why the design is a LAN.
- ☐ I explained how the LAN connects to the WAN/internet.
- ☐ I justified the star topology.
- ☐ I explained the function of major hardware.
- ☐ I recommended suitable transmission media.
- ☐ I explained SMTP, IMAP and POP3 where relevant.
- ☐ I recommended authentication, encryption and firewall use.
- ☐ I identified malware risks and responses.
- ☐ I linked decisions to the selected property and client needs.
- ☐ I stated limitations or assumptions.
